

FERRMED CONFERENCE

THE BUSINESS ORIENTED APPROACH TO THE EU RAILWAY CORE NETWORK DEVELOPMENT: FERRMED MULTISECTORAL WORKING GROUPS

Logistics International Fair (SIL)

Barcelona, 7th June, 2018

MAIN TOPICS – Key Objectives

To push a selective development of the Trans-European Railway Network with a business oriented approach and Eurasian Outlook, particularly for freight (bottleneck solving and FERRMED Standards implementation).

Main targets are: drastic reductions in lead times and costs, lines capacity increase, strong cut-back in GHG emissions, with great impact in full logistics chain (door to door) improvement.

In that occasion, a general scope of the main topics to be considered, from shippers point of view, membership & organization of FMWGs and global criteria for action will be duly presented.
