

FIRST FERRMED / CZF / EU CORE NET CITIES TRIBUNE

Bottom-up initiatives for smart intercities links

Transportation & Logistics

MEDITERRANEAN CORRIDOR

Sections: Torino – Lyon – Marseille – Barcelona – Valencia – Almería and
Barcelona – Lleida – Zaragoza

JANUARY 27th, 2015

Recinte Modernista de Sant Pau - Sala Pau Gil
Sant Antoni M^a Claret, 167 (08025 –BARCELONA)

MAIN TOPICS

The FIRST FERRMED / CZF / EU CORE NET CITIES TRIBUNE is related to FERRMED – EU CORE NET CITIES TRIBUNES global organization. The Main Topics of these tribunes are:

- To promote smart inter-cities links according to FERRMED and EU CORE NET CITIES PLATFORM objectives.
- To convey bottom-up initiatives and requests to EC, EU Parliament, Member States and Regions, related to Core Network intermodal corridors development and enhancement (including infrastructure and operational issues).
- To analyze the present problems and forecasted conditions in the different kinds of inter-cities links.
- To propose innovative solutions, including more sustainable and socioeconomic balancing between transportation modes.

The Tribunes will be organized at cities level and will consider different sectors of the EU Core Network Corridors. They are open to main actors of the corridors sections zone of influence such as the road, rail, aviation, logistic, short sea shipping and inland waterways operators, ports, airports, shippers, ICT companies, energy producers and distributors, infrastructure urban planners, business management schools, etc.

With the collaboration of:

The first FERRMED / CZF / EU CORE NET CITIES TRIBUNE will concern to Transport & Logistics matters regarding the Mediterranean Corridor Sectors: Torino – Lyon – Marseille – Barcelona – Valencia – Almeria and Barcelona – Lleida – Zaragoza. It will emphasize the railway network requirements analyzing the present situation and conditions, proposing the adequate solutions at short and medium terms in order to solve the identified problems on the way of the European Commission targets and requirements.

One detailed Report, prepared by FERRMED, jointly with EU CORE NET CITIES Platform executive secretariat, including data collected on the spot and information facilitated by several observatories, companies and institutions will be released in that occasion.
