Inland Ports optimising trade flows

Digitalisation promoting multimodality:

Rhein Ports Information System - RPIS

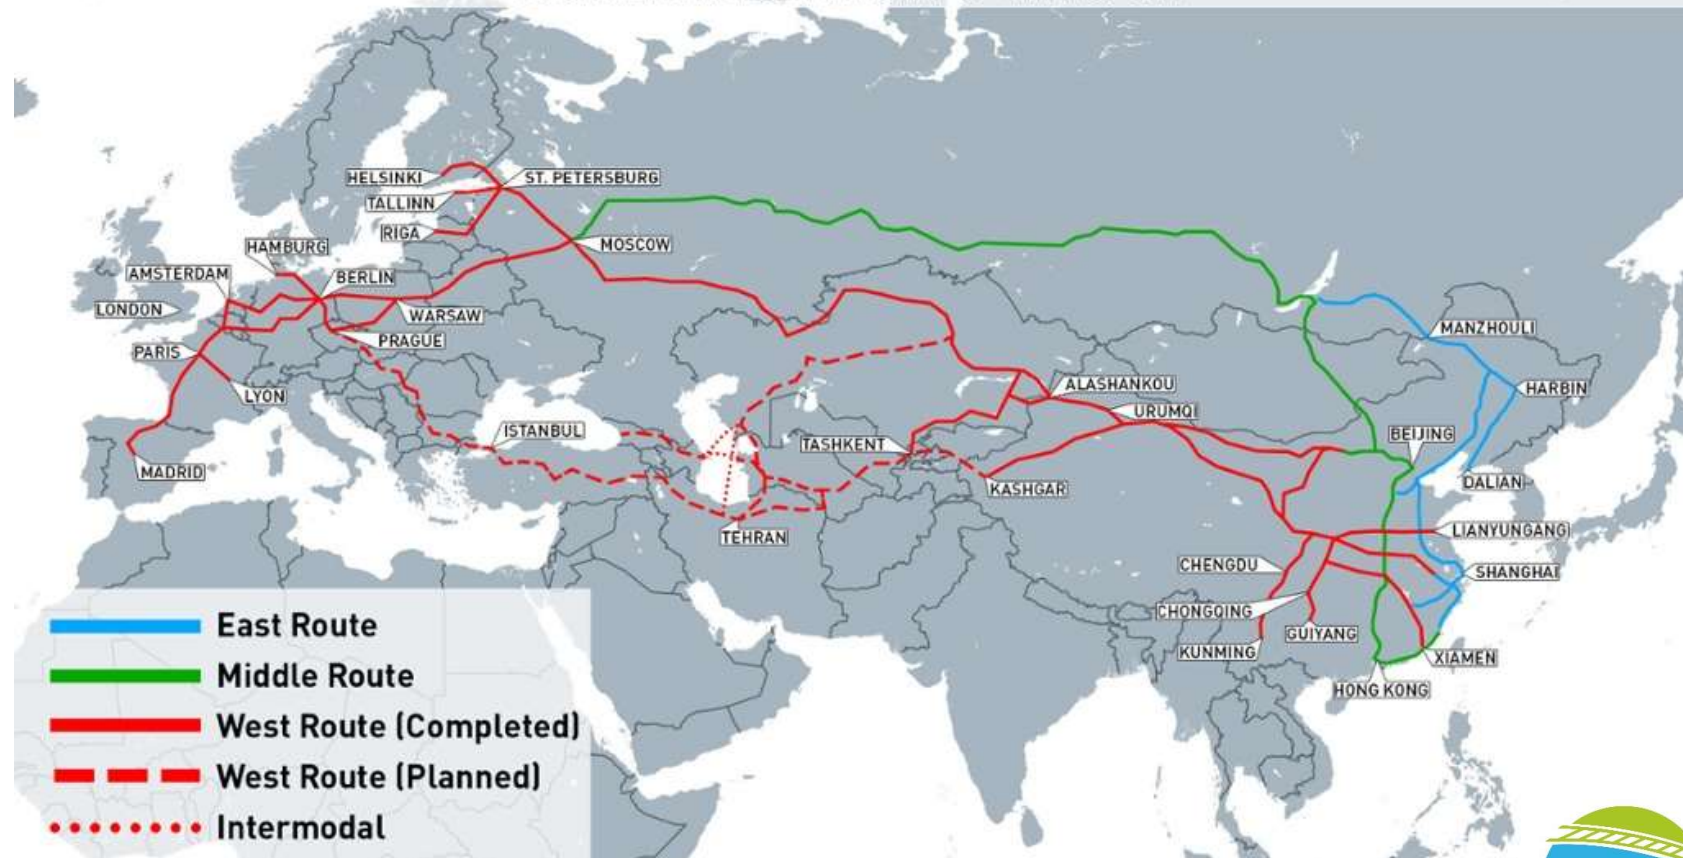

- Liquid bulk terminals
- Dry bulk terminals
- Cruise ships
- Railway transport
- Road transport
- Administration

Inland Ports optimising trade flows

CHINA-EUROPE RAIL FREIGHT PLANNING MAP

SOURCE: CHINESE MINISTRY OF TRANSPORT

Belt Road Initiative

How do we achieve it?

- Shared digital standards amongst modes
- Investment in IWT and Rail infrastructure
- Development of shared multimodal planning platforms
- Support multimodal thinking
- Remove legislative obstacles and ensure level playing field

Thank you!
